

FROM A CAMPSITE IN THE KIMBERLEY TO A BEACH IN BINALONG BAY, TJM HAS THE COUNTRY COVERED FOR GETTING 4WD EQUIPPED.

Since 1973, TJM has designed, tested and developed the most comprehensive and innovative range of 4WD equipment available in Australia today.

And our work goes on, in the toughest testing ground we know... our own backyard.

Whether you're camping or fishing, drilling or fencing, or just picking up the kids from school, get yourself TJM equipped for anything.

TJM Bull Bars, Nudge Bars, Side Bars and Steps, Alloy and Steel, engineered and refined to stringent Australian Safety Standards.

TJM Airtec Snorkels, TJM XGS Suspension, TJM Recovery Gear, TJM Winches, TJM Pro Lockers, TJM Roof Top Tents and Awnings, TJM and Aeroklas Canopies, Dual Battery Systems and a whole lot more.

The list keeps growing like a good bush yarn, because at TJM we're always striving

for new ideas that'll help and protect our customers while they enjoy their 4WD experience.

The new TJM Premium Canopy is a feature packed canopy, perfect for those who are looking for a convenient solution for their dual cab.

Constructed from highly durable Fibreglass and finished in smooth colour-coded paint to match your ute. Frameless, tinted tempered glass windows reduce UV damage to your cargo inside.

Fully integrated central locking comes standard with all windows, linked with your vehicle's central locking system for added security. The Premium Canopy makes access even easier with self-lifting side windows

activated by a hidden push-button, located each side of the canopy.

The rear door features an in-built demister to remove mist on cold mornings and an LED brake light on the spoiler for added safety. An interior LED light illuminates the inside canopy at night and the felt lining adds a premium finish and feel.

You can be rest assured that your cargo will be kept safe and secured in style for many years to come.
